# Suffolk, Virginia

**"Pro Bono Publico"—For the Good of the Public**

# PREFACE

In submitting Volume VI of the Suffolk City Directory, it is gratifying to note the progress that is being made in industries and growth of population.

A great factor in the upbuilding of any city is its civic pride; the fact that your citizens stand as a unit on everything that affects the prosperity of your city is worthy of commendation.

The City Directory is one of the foremost enterprises of any city; it is generally referred to by the press of the whole country as a semi-public institution of great value.

The Directory is more than a mere list of names of residents giving their various occupations and addresses; it is an infallible guide to your city, for your people and for the stranger within your gates. It not only deals with your people, but with your government, your institutions and various other organizations. It is a recognized standard work of reference and becomes the most reliable history of your city and its citizens. As there is no other publication in the world which gives the information as contained in the City Directory, there is probably no other publication in which all the people are so vitally interested.

To gather this data and compile a volume of this character is no easy task. It requires much time, a well defined system, and incurs no little expense. Few people have any idea of the work it means and the tenacity it takes to publish a reliable directory.

In preparing this book the publishers have spared neither time nor expense, and if errors occur or a single name is omitted which should appear in the work, it is generally the fault of the public and not of the publishers, as every house is visited and it is not the publisher's or canvasser's fault if some one fails to give all the information or gives it incorrectly. The intentions of the publisher are always for improvement, and you can always count on getting as accurate a directory as circumstances will permit.

The estimate of the population of a city is a matter necessarily enjoined upon the directory publishers; such estimates, however, are not merely theoretical, but based on facts, sustained by the contents of the publication.

This volume contains 7,124 names of individuals; using the conservative multiple 2½ times, to represent the names of married women and children not counted, indicates a population of 17,810.

This does not mean simply population inside the city limits, but takes in consideration all suburbs included in the Directory.

In concluding, we desire to thank our patrons for their support and to extend our thanks to the public in general for the courteous way in which everyone supplied our canvassers with the desired data. We shall continue this publication bi-annually until there is a demand for an annual publication.

Yours truly,
PIEDMONT DIRECTORY CO.

October, 1925.

Vol. VI THE PIEDMONT SERIES 1925-1926

NOTE—Patronize those whose names are in large type, for they are the progressive ones and generally leaders in their line.

☞Index appears in front of special business headings only, for which an extra charge is made.

Purpose of (*) star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use, errors often creep in.

# Suffolk, Va., Street Directory

Giving Names of Householders and Denoting Business Places

THE AUTHENTIC STREET DIRECTORY

Vol. VI THE PIEDMONT SERIES 1925-1926

NOTE—All streets and avenues are arranged in alphabetical order; the house numbers are arranged in numerical order, with names of occupants after each number.

——Dash before name denotes that number is wanting.

(*) Purpose of star in front of name is to denote colored person or firm, but we assume no responsibility for its wrong use; errors often creep in.—Publishers.

# HERB REMEDIES

## THIS REMEDY WORKS MIRACLES

With everyone who uses it. The power of God is experienced in it to a wonderful degree. It is especially recommended for diseases of the Liver, Stomach, Bowels, Skin and Blood, such as Dyspepsia, Heartburn, Giddiness, Palpatation of the Heart, Sick Stomach, Headaches, Nervousness, Pain in the Side, Numbness of the Limbs, Cold Feet and Hands, Bad Taste in the Mouth, Flushes of Heart, Ringing in the Ears, Loss of Appetite, Piles, Costiveness of the Bowels, Fevers, all Female Complaints, Dark Circles under the eyes, Worms, Shortness of Breath, Scrofula, Tetter, Erysipelas, Old Sores, Dropsy, Rheumatism and Soreness of the Joints.

All of the above mentioned diseases and many more are compelled to yield to the searching influence of my HERB REMEDIES. They carry off all impurities of the system through the pores of the body, remove all the refuse matter from the system, and permit nature's machinery to operate harmoniously.

I respectfully refer you to the testimony of the following named persons, whom I cured with my HERB REMEDIES: Mr. Kite Peele, Nurneyville; Mrs. Outing, Suffolk; Mrs. Raby, Cypress Chapel; Mrs. Timothy Sawyer, Suffolk; Mr. Ben Wallace, Suffolk; Mrs. Mark Riddick, Magnolia; Mrs. George Green, Driver; Mrs. Williams, Neal, N. C.; Mrs. Vincent Ballard, Whaleyville; Mrs. Jones, Corapeake, N. C.; Mrs. Searls, Norfolk; Mr. George Roper, Chuckatuck.
